

Available and ready when you need them

In 2015, we acquired the OEM manufacturing rights, equipment and inventory to produce PIV parts and units. Our inventory includes wheel faces, chains, shafts and all other internal components. We also stock a complete line of H-series, RH-series and RS-series PIV units available for off-the-shelf sale or for exchange. We have a wide selection of PIV parts and units ready to ship whenever you need them. As with everything else we do, our PIV quality and reliability are second to none.

Wheel face kits in stock

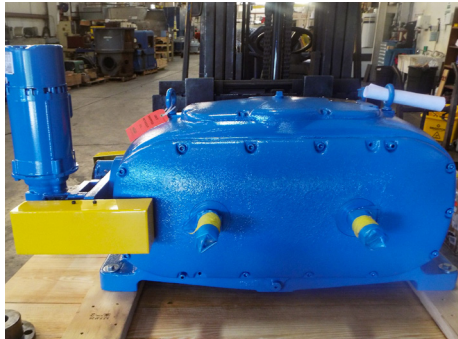

H6 PIV unit

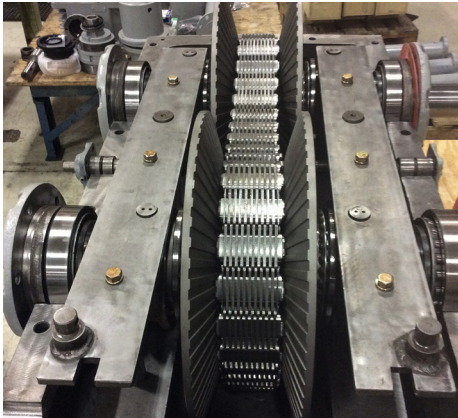

RS33 PIV unit

PIV chains in stock

H5 PIV unit

H6 PIV unit during rebuild

For availability of the PIV parts or units you need, call us at 706.216.5040.
